Guidebook for Submission of Thesis

Instructions to Candidates:

The format features for thesis or dissertation are as under:

Paper: Use only one side of high- quality, plain white (unlined in any way) bond paper, minimum 85gm and A4 in size. Erasable paper should not be used.

Type, Size and Print: Select fonts type Arial and size of 12 points for text. The size of the titles should be 14 and Bold, the size of subtitles should be 12 and Bold. Print should be letter quality or laser (not dot matrix) printing with dark black characters that are consistently clear and dense. Use the same type of print size throughout the document. Side of thesis should contain Name, degree and year

Pagination: Number all of the pages of your document, including not only the principal text, but also all plates, tables, diagrams, maps, and so on. Roman numerals should be used on the preliminary pages (pages up to the first page of text) and Arabic numerals should be used on the text pages. The numbers themselves can be placed on the centre of the page, however they should be consistent.

Spacing: Use double spacing except for long quotations, footnotes, and endnotes, which are single-spaced. Triple Space before, between after all scientific equation calculations.

Margins: To allow for binding, the left-hand margin must be 1.5". Other margins should be 1.0". Diagrams, photographs, or facsimiles in any form should be standard page size, or if larger, folded so that a free left-hand margin of 1.5" remains and the folded sheet is not larger than the standard page.

Photographs: Professional quality-colored photographs are necessary for reproduction for all the required copies of theses/ dissertations, but you should be certain the colored figure will print clearly and will not be confusing when printed in black and white.
