Very good experience

Everything is good ...

Good

Good lab skills and knowledge

No all are good

Other

We need more help in practical and clinical

satisfy to all the teachers

We want that u will improve more

Help for study

Good 👍

Always cooperate with students

No any suggestion

No suggestions..

Firstly main focus on the theory portion than clinical duty on but Here are opposite so please change that

Improvements in lab portion

Expecting more improvement

Good performance

Everything is excellent 👍👍

Every thing is all right i have no any kind of suggestion with regard to it

Good teaching

All about is good

I request you to focus on practical procedure in lab regarding clinical knowledge. But,Teacher's explanation is more effect and I am satisfied .

Overall Everthing is good

Very good

Every thing is good

Everything is good

Change the clinical posting,, provide better experienced teacher for skill lab

No suggestions

My college good

All procedures should be completed by individual

Skills and practical knowledge should focus more

For practicals there should be one regular period.Thank you

No have any suggestions all' things are good

All facilities and services is provided good

Provide us proper demonstration of each and every procedures of every subject.

Need good explanation

Nooo

No any suggestion

All the facilities are very good and obtain proper education.

Understanding ability

Nice

College was good 😊

And the main think the principal is so good 😊

Good answer

Improve lab classes

Washroom cleaning was not proper

Good experience

good

Explain the diagram on white board

Satisfied

Sometimes clinical posting area not helpful for learning like cooperative hospital because we can't do anything or can't perform a new procedure only we can see and observe

Every things good but theory portion need important

Demonstration of procedure in clinical areas and make whole class interaction  
During lecture

Helpful

Lab procedures compulsory
